Emergency Call ..... back cover

Dedication

This issue of the Hampstead Town Report is dedicated to the men and women of the allied armed forces serving in the Gulf War.

Their discipline, training and willingness to serve their countries should be an example for all of us.

We look toward a continued cease-fire and a quick and final settlement of regional issues, respecting all people in the Gulf area.

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Hampstead, New Hampshire

We have audited the accompanying financial statements of Alfred Brickett, Tax Collector, Town of Hampstead, New Hampshire for the period January 1, 1989 to September 15, 1989. These financial statements are the responsibility of Alfred Brickett, Tax Collector, Town of Hampstead, New Hampshire. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Tax Collector, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in the note to the financial statements, the Tax Collector's policy is to prepare the financial statements on the basis of cash receipts and disbursements, consequently, revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of Alfred Brickett, Tax Collector as of September 15, 1990, and revenues collected and expenses paid during the period then ended, on the basis of accounting described in the note to the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Hampstead, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Hampstead, New Hampshire, as of December 31, 1989 and for the year then ended, as listed in the table of contents. These general purpose financial statements are the responsibility of Town officials. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Town officials, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the general purpose financial statements referred to above do not include the financial statements of the General Fixed Asset Account Group which should be included to conform with generally accepted accounting principles. The amount that should be included in the General Fixed Asset Account Group is not known.

As described in Note 1, the Town has recognized tax revenues of $139,345 in the General Fund and $466,501 in the Property Tax Agency Fund which were not received in cash within sixty days of year end as is required by generally accepted accounting principles (GASB Interpretation 3). Town officials believe, and we concur, that the application of this accounting principle, which would result in a decrease in the undesignated General Fund balance to ($321,078), would give a misleading impression of the Town's ability to meet its current and future obligations.

In our opinion, except for the omission of the financial statements described in the third paragraph, the general purpose financial statements referred to above present fairly in all material respects the financial position of the fund types and account groups of the Town of Hampstead, New Hampshire at December 31, 1989 and the results of operations and changes in financial position of its non-expendable trust funds for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Hampstead, New Hampshire. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Building Inspector's Report—1990

In spite of the depressed real estate market, Hampstead's requests for building permits were at a level equal to 1989. We continually receive comments from prospective home buyers that it is their desire to live in Hampstead, which apparently explains the lack of any appreciable building activity in surrounding towns. Obviously town government plays some role in the reputation we have and this office will do its part to continue the trend.

Although ill winds continue to blow from the area of the new church construction on East Road I feel that any remaining problems will, at some time in the future, subside and the neighborhood can return to peace and harmony. Island Pond Baptist Church was constructed during 1990 and pastor Carlos Paz and his parishoners are to be congratulated for such an undertaking and a beautiful church. We wish them success in all of their undertakings. I was honored to have attended their dedication service in December.

I have requested approval from the Board of Selectmen for a fee schedule increase in the building department. Under the authority they have, selectmen allowed the increases until voters give their final approval at annual town meeting. It is still the desire of this office that our fee schedule result in a self-sustaining department and we feel that this increase will bring that about.

Numerous question continue to arise concerning the levels of assessments in the town when considering the current real estate market. The taxpayer can rest assured that the assessing department is studying on a continuing basis the real estate market and if and when changes in the assessing schedules are warranted, I am certain that the Board of Selectmen will bring about such changes. At the present time the Coefficient of Dispersion/COD (or the quality of assessments) is in the 15 to 18 percent range, which is an acceptable range. I have recently met with Revenue Administration in Concord and also with a representative from Avitar and both entities agree that at the present time changes in the assessments are not warranted. A short while ago the Board of Selectmen prepared a letter to property owners. Although the letters were only forwarded to applicants for abatements the letter is available to any property owner. It explains the current sales vs assessment ratios and is an excellent explanation of the assessing methodology and is available upon request.

In February I was pleased to receive a designation as a certified New Hampshire Assessor at Concord. There are at present approximately 75 assessors so designated within the state and I am happy to be on that roster. Continuing education is a requirement to maintain this certification with at least 25 course credits every three years.

This year has seen a dramatic increase in applications for assistance from the welfare department. The current down-turn in the economy is reflected in a 100 percent increase in such applications. We continue to screen all requests to determine eligibility. I am personally troubled by such an increase of funding in this area but the situation is not unique for I have personally discussed the problem with welfare administrators in the surrounding communities and find them all confronted by the same requests.

Building Inspector's Report (continued)

This year the town authorized the use of driveway permits which are available from this office. The intent of the permit is to protect property owners and the traveling public and to ensure suitable placements of driveways. The permit application is available from this office and requires investigation from both the Code Enforcement Officer and Highway Agent before approval is granted.

As usual, the cooperation from the Board of Selectmen and other town officers with whom I have contact daily, has been superb.

Thanks to Deputy Building Inspector Paul Wentworth and Fire Department Inspector Walter Eaton. Paul is forever willing to make himself available during the times that I am absent. Wally is responsible for the proper installation of heating systems within the town and one can rest assured that when he approves an installation, it is properly installed.

And to Dawn, again a heartfelt thanks for her ever-present willingness to be of assistance and to make this office run efficiently.

Kenneth H. Clark CNHA
Building Inspector/Assessor

Chatting

Staff photo/Mark Lorenz

Lillian Hurn of Hampstead, left, and Patti Christensen, recreation director for the town, enjoy a quick chat during the annual seniors Christmas dinner.

THIS IS TO CERTIFY THAT THE INFORMATION IN THIS REPORT IS COMPLETE AND CORRECT TO THE BEST OF OUR KNOWLEDGE AND BELIEF. DATED JANUARY 30, 1990.

TRUSTEES: CLAIRE H. ALEXANDER, KENNETH McCORMACK, ED M. PUTNAM, 2nd

Report of the Board of Selectmen

The last year has been a busy one for the Board of Selectmen, and we can point with some pride to our accomplishments:

- Establishment of a Highway Agent Advisory Committee, and completion and publishing of our Road Agent Handbook.
- Complete review and update of the Personnel Policies and Procedures.
- Processing of all abatements relating to the revaluation completed in 1989.
- Completion of the Civic Club building as voted at Town Meeting.
- Initiation of a recycling program to reduce Hampstead's solid waste stream and make our contribution to improving the environment.
- A 27 per cent decrease in the Town portion of the tax rate, reflecting careful control of expenditures and increased use of volunteers.

At the same time, this has been one of the most frustrating and divisive years in the history of the Board, giving the appearance at times that political posturing is more important than working for the good of the Town. This is not the case, and we remain committed to doing our best to carry out our Town responsibilities.

After last year's Town Meeting, and because of a number of questions raised at that meeting regarding Highway Department procedures, we established a committee of volunteers to review policies and procedures and to write a Road Agent Handbook for use by the Board of Selectmen to manage the department and as a learning tool for future candidates for this elected position. After a false start, the Board clarified our expectations of the committee, and we would like to thank all of the members for the long hours and hard work culminating in completion of the handbook. One of the recommendations of the committee and the Board of Selectmen will be voted on at the 1991 Town Meeting, to change the term of the Highway Agent to one year from the current three years.

The Wage and Salary Committee made a complete review of the Personnel Policies and Procedures manual, and recommended some significant changes, most of which were subsequently adopted by the Board of Selectmen. We would like to thank all of the members for their efforts and hard work, and look forward to their valuable insight and recommendations in the future.

Many hours were spent this year in reviewing and improving the assessments provided by the 1989 revaluation of property. Working in conjunction with Avitar Associates, our contractor, we feel we have a solid data base in place to serve the needs of the Town for years into the future. One note we should add, however, is that numerous people have requested abatements based upon the recent decline in market value of properties across the board. We have not made abatements for this reason, since it has affected everybody in Town. If we were to make changes in the basic assumptions of the property valuation to apply to every property, the net result would be a lower tax base and higher tax rate, thereby netting no change to your tax bills. We will continue to monitor this closely, and if basic property values remain depressed for another year will consider conducting another sales study to set new basic assumptions.

The Civic Club volunteered to replace a building on Town property and in extremely poor condition, received approval at Town Meeting, and were ready to dedicate the building and move in by the end of the summer. Congratulations on a job well done! We are fortunate to have this organization in Town, and the number and variety of programs they run for our children indicates the hard work and dedication of this group.

Another committee, charged with investigating and later implementing our Town recycling program, deserves praise for their professional handling of the investigation, presentation at last Town Meeting, and the smooth distribution of bins and cut-in of the program last September.

Finally, we were able to significantly reduce the Town portion of the tax rate this year by presenting a frugal budget to Town Meeting and holding expenditures down. A large increase in school spending and the County budget resulted in a slight increase in the overall tax rate, but without the prudent actions by the Town and the Board of Selectmen we would have seen double digit increases like most of the surrounding Towns.

We would like to take this opportunity to acknowledge all of the other volunteers who serve our Town, on the Fire Department, the Rescue Squad, and the various boards and committees that help us to function on a daily basis without the expense of a paid employee infrastructure that has become necessary in so many of our surrounding neighbor Towns. Without the cooperation and many, many hours of hard work, Hampstead could not be the Town that it is. We have one of the lowest equalized tax assessments in Rockingham County, and yet we provide equal or better services than many other Towns. Volunteers allow us to accomplish this, and we encourage any citizens who are interested in volunteering to serve our community to submit their names, qualifications, and areas of interest to the Board of Selectmen.

We would like to remind every property owner that an inventory of all real property in Town is due to the Board of Selectmen prior to April 15, 1991. We use the information for census, exemptions, assessments, and various other record-keeping chores, so it is critical that you file your inventory on time. There is a penalty for failure to file on time of 1% of your tax bill with a minimum of $10 and a maximum of $50. We will continue to enforce this penalty without exception. It is your responsibility to get the completed form to the office of the Board of Selectmen by April 15, and we would suggest you obtain a receipt for the form. If you do not file on a timely basis, you lose your right to appeal your property tax assessment to the State. Please make sure you file on time.

We are looking forward to another year of accomplishments in our growing Town, and would encourage everyone to attend both your annual Town Meeting and your School District Meeting in the Hampstead Middle School gymnasium. The School District Meeting, where the majority (78% in 1990) of your tax bill is committed, will be held on Friday evening, March 8. Town Meeting starts on Tuesday, March 12, from 10:00 AM until 8:00 PM with ballot voting for Town and School District officials, bond appropriations, zoning questions, and this year changes in office terms. The meeting will continue on Friday evening where the Town budget (17% of your 1990 taxes) and various other appropriations and general Town business is discussed and voted.

We look forward to seeing you at all three of these important meetings.

Respectfully Submitted,

Brian G. Eastman, Chairman

TOWN OF HAMPSTEAD

PLANNING BOARD

11 MAIN STREET • HAMPSTEAD, NEW HAMPSHIRE 03841

ANNUAL REPORT
1990

1990 saw a slowing in all forms of building in the Town. This is reflected in the number of plans which were reviewed. However, it gave the Board time to work on other important matters. The Master Plan and Capital Improvement Plans are complete and should be available by early spring. The Board is currently working on Trenching Regulations.

The Zoning Ordinances in Hampstead were voted originally in 1968, and were modified most years at the annual Town Meeting. The Town Clerk keeps the official record of these votes in her files. The Planning Board publishes a compilation of the ordinances as the "ZONING DISTRICTS AND BOUNDARIES". The form used for presenting ordinances is under the jurisdiction of the Planning Board and had grown piece meal over the years. The Ordinance Committee suggested a comprehensive reorganization which would allow better organization and quicker access to the appropriate ordinance. While there was some feeling that this recodification could be accomplished under the Planning Board's authority, we felt it was appropriate to first hold public hearings on the changes being made and secondly to have a vote to Town Meeting to validate the new form of the presentation. It is important to note that only the format was changed, neither the wording nor the spirit or intent was changes by that vote. We appreciate the support of the Town in voting for the format change. Should any transcription errors or omissions be found in the published Zoning Ordinance, we will correct them before the next printing.

This year a few more zoning changes have been recommended by the Planning Board and we again ask for your support. The Ordinance Committee continues to examine the Zoning Ordinance for areas that need amending or clarification and their recommendations should be available for the next Town Meeting.

SUMMARY OF ACTION ON PLANS

Acevedo/Danley	Site 12/15
WITHDRAWN	Laundromat
Bayberry Realty Trust	Subdivision 11/191 & 192 & 269

Police Department Report—1990

It is with great pride that I submit the following report to you, the residents and taxpayers, in the Town of Hampstead. During this past year each officer has shown a complete dedication to duty even in these trying times. Along with this has come the cooperation and trust of the public which is so vital for us to continue as an efficient department.

The poor economy that surfaced during the past year has had a direct bearing on our activity. Most major crimes showed an increase with thefts almost doubling from 18 to 35, motor vehicle thefts up from 8 to 11, burglaries from 19 to 29, assaults remain the same at 9 while our first armed robbery in many years resulted in the arrest of three persons. Also showing increases were domestic violence complaints and drinking problems, also a result of the ecomomy. Our juvenile program was busy showing an increase of 20%, yet there was only one repeat offender which shows us the program is working. The largest number of thefts were from motor vehicles where persons left valuables inside their unlocked cars. Please help us reduce this problem by removing all articles and locking the doors.

One fatality was recorded while the number of accidents showed a dramatic decrease from 138 to 95. We feel this is a direct result of added radar patrols and increased visability.

The highlights of the year included the arrest of two out of state persons who were carrying almost 75 pounds of marajuana having a street value of approximately one quarter of a million dollars, the receipt of over 2300 hours of community service from our juvenile program and the acquisition of a fully trained German Shepard Police Dog at almost no cost to the town. This dog and his handler began work the first of this year.

All of our officers completed the minimum training required while the majority of them exceeded the requirements in both classroom and firearms. This was a result of our continuing efforts to make your Police Department one of which you may be proud by being thoroughly knowledgeable and efficient in our job.

In an attempt to foster good public relations and to continue to serve you we will again offer our annual basic firearms course. Our officers are available and willing to participate in any other programs in which you may have an interest. Please contact the department if you have any requests.

With the prospect of the economy showing no improvement we can again look forward to the increase in criminal activity. To help alleviate this situation in our town we would request the aid of all residents. We have officers on patrol and available twenty four hours a day, seven days a week. If you see anything at all that seems suspicious please call IMMEDIATELY, do not wait and think it over. I am sure that with your cooperation we will be able to decrease all crime in our town.

Pride, understanding, unselfishness and above all cooperation are the ingredients of any efficient organization. I believe that these qualities are expressed by this department and other town officials in our attempt to make the Town of Hampstead one of the safest and best in the state.

Fire Department Report—1990

January started 1990 off with what was to become a busy year for the members of the Hampstead Fire Department and Rescue Squad. We experienced a high loss fire at the Johnson & Johnston plant on Route 111. This fire was complicated by the fact that a commercial cleaning solvent was present and the building was constructed of corrugated steel which held the smoke and extreme heat within until the roof and walls could be opened up. This allowed the interior conditions to improve to facilitate extinguishment. Once again Hampstead fire fighters proved they could rise to conquer a serious situation with little environmental damage. This is in no small way due to the leadership of Deputy Chief Paul Wentworth and the mutual aid system which Hampstead supports 100%.

The membership of the Fire and Rescue are currently at optimum level and we have satisfactory numbers to allow for coverage of the Town during most hours. Daytime coverage is usually more sparse but adequate. Training continues to be our most important non-emergency function. Certified State of New Hampshire fire fighter courses continue and are attended in good numbers by our members. These are augmented by our own training. To facilitate this the members designed and erected a 20' by 20' by 40' high training tower which is used to practice ladder evolutions and heights rescue operations. The amount of time and hard labor donated to the Town was astounding and this is only the beginning of the physical facilities we would like to erect in the coming years. We want to thank all those who donated and assisted with the project. We hesitate to name all for fear of missing anyone who participated.

In the process of evaluation done to select the new self-contained breathing apparatus which was voted last year, we conducted live training burns in three donated structures using several different SCBA units. Having selected and ordered the new units we held one last live burn conducted in a large barn and house in East Hampstead to familiarize members with the Interspiro units purchased. This was by far the most productive burn to date since we also put Engine 3 to the test, one of the finest equipped units in the area. This Engine has 10 SCBA units and hand tools for structural fire fighting evolutions. This vehicle is housed at Central Station and may be viewed by contacting any officer or member of the department.

The annual Rescue Extrication competition was an outstanding success and should not be missed by any interested townspeople. We will not expound on this as the Rescue Report will fill you in on the nuances of the event.

Our water rescue resources were bolstered by the graduation and certification of six fire fighters as rescue divers. This allows our water related incidents to be terminated more easily and the dive team has been used by us and the surrounding towns on several occasions.

Fire prevention and code enforcement are both areas which we are working to create a safer environment for our fellow townspeople. If you ask any school child from grades 1 through 5, I know they will tell you that they have been given the fire safety word each year. This is to the credit of Lt. Kerry Clark and Hampstead Central School.

Once again the sale of Christmas trees and the men and resources of the Firemen's Association put together the finest Christmas Parade we have staged to date. Chief of Police Bill Letoile and the men of his Department continue to be a strong ally for our operations.

The Board of Selectmen have voted unanimously to endorse a new insurance policy which is designed expressly for fire fighters and rescue providers. This program was recommended by the Board of Engineers to provide the men and women of the Fire Department with full insurance coverage and give their families some security should they become injured in the line of duty. This has been a needed benefit for all those who donate the long hours to protect and serve our fellow man.

It is with regret that we accept the resignation of Albert C. Lake, Jr. who has been a steady guiding hand to the Firemen's Association for 19 years. We wish him the best of luck in his new home.

In order that the Hampstead Fire Department move ahead in the coming years to provide protection to the Town, the Board of Engineers has adopted a schedule for the replacement of equipment. Toward this end, it is important that we have the opportunity to discuss the capital expenditures with the taxpayers. The time needed to create specifications, plans and actual manufacture dictates that we must act 12 to 18 months in advance of the delivery date of new apparatus. We have submitted two proposals for the Town's consideration at Town Meeting. Please attend and participate in your future.

Respectfully submitted,

Chief Chip Hastings
Deputy Chief Paul Wentworth
Captain Neil Emerson
Lieutenant Jim Gilmartin
Lieutenant Kerry Clark

SUMMARY OF CALLS FOR 1990

177	Rescue	23	Mutual Aid Given
16	Structure Fires	1	Mutual Aid Received
10	Car Fires	19	Service Calls
10	Brush & Woods	32	Alarm Activations
59	Motor Vehicle Accidents	13	Investigations
7	Chimney Fires	3	Dive Team

LITTLE'S LANE
HAMPSTEAD, NEW HAMPSHIRE 03841

RESCUE SQUAD REPORT - 1990

The Hampstead Rescue Squad continues to strive toward excellence in its service to our community. The organization is becoming known for the level on training and effort that the members deliver. During the year an average Emergency Medical Technician will attend minimum of thirty-six hours of continuing education, in addition biannually each person must attend an intensive refresher course and submit to both written and practical examination. Any advanced certification in Cardiac Defibrillation, Advanced Airway Management, or Intermediate level certification add additional hours to the requirements.

Although this may seem a strenuous schedule for a volunteer, each of our Technicians gladly accept this requirement in return for the satisfaction of being able to help their fellow residents in an emergency situation. In one notable call in the past year one of our rescue teams where able to use the Defibrillation technics to restore a persons heart to normal rhythm, to see this person begin to breath and have a pulse provides a level satisfaction that makes all of the training hours worth while.

Among the other very dramatic efforts that the Rescue Squad members are called upon to perform would be the automobile extrication. When the squad is called to the scene of an accident where a person is entrapped a special team is activated. This team is combination of Fire Department and Rescue Squad members that are practised in the "art" of extracting an injured person from an automobile without adding to his injures. The combined organizations spend much time dissecting wrecked automobiles that are supplied free of cost by companies in our town. This effort culminates in having multiple teams of personnel that are highly skilled.

In order to compare and expand our skills the Rescue Squad Association has sponsored "The Hampstead Automobile Extrication Competition". This competition has received wide acclaim from both the participants and the observers. In 1990 the competition had over 40 participants and drew people from as far away as the Lakes Region to be a part of the day. The Teams of both paid and volunteer professionals where given two scenarios to accomplish; one required the use of the "Jaws of Life", the second require that only hand tools be used. The competition was judged by both extrication professionals and medical professionals. The techniques used and the time required was weighed against the level of patient care provided. This was a great learning experience as well as fun for all. The next competition will be held in September of this year and we have received a commitment that one of the worlds foremost extrication specialists, Harvey Grant from Baltimore, MD will act as a judge. Both the Parkland Medical Center and The Exeter Hospital contributed both Medical personnel to judge as well as money to provide the overall winning departments with a monetary prize in addition to the trophies.

The Rescue Squad Association receives many donations from people that have been assisted, or in memory of people that have been very generous in their support in the past. These donations are used to obtain advanced equipment for either training or medical care. We wish to take this time to acknowledge these donors as a group. This support both makes our work easier to accomplish and reduce the organizations budget requirements.

The Rescue Squad continues to be closely supported by the Shanahan Ambulance Company in our efforts. The close relationship that has developed between our personnel is highly beneficial to both our organizations and the people that we care for.

The Hampstead Rescue Squad Association meets on the first Wednesday of each month for business and the third Wednesday for training any interested personnel are invited to attend. These meetings start at 7:00 PM and are held at the Fire Station.

Roy Lesure, Training Officer

Hampstead Public Library Report—1990

"A Library is not a luxury, but one of the necessities of life."

Henry Ward Beecher

This year at the Hampstead Public Library has been an exceptionally busy one. Total circulation for the year was 35,469 items; adults accounting for 42%, and children 58%. People entering the library increased by 13% showing 20,404 people using the facilities. Reference questions increased by 20% and is the one factor that consumes the largest amount of staff time. These figures show the increase over 1989. We feel the difference in adult/juvenile usage is caused by lack of adequate space for adult use.

As in past years, space and the lack of it dictates the types of services offered. Most programs are held at Hadley Hall at the Congregational Church by the library and the Friends of the Library, and we are most grateful to have such a good neighbor.

Without the support of town organizations, the library would be unable to offer the citizens as many services. The Mother's Club, with the able assistance of Char Taylor, conducts the pre-school story hour. Because of its popularity, it has evolved into two sessions. They continue to provide the majority of the children's magazines and through their book fair, enabled the library to acquire additional paperback books for the Children's Room. The Hampstead Lioness continue to donate monies for the purchase of audio cassettes. These items are very popular. Cathe Cussen, aided by the Garden Club, planted the beautiful flowers and plants in front of the library.

The children's craft programs were done by Susan Dunn, and later by Jackie Fisher. The library offered a book discussion series from a grant from the New Hampshire Humanities Council which was well attended. Diane Chin offered a seminar on study skills.

The Friends of the Library continue to be both a financial support and a continuing advocate of library usage. Elaine David remained as president. The Friends purchased a pass to the Fine Arts Museum in Boston, a video display rack, and the computer hardware for the forthcoming circulation system. They sponsored many excellent programs open to the public, including the band concert in July, and supplied the funds for the summer reading program. Maxine Stull and Gloria Lanning organized the Hollyhock Thrift Shop and with the help of many people, had another successful year. Many thanks go to those who helped and to those who donated clothing. Also, appreciation goes to those who donated books and magazines throughout the year.

1990 Town Warrant – Town of Hampstead, NH

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Hampstead Middle School in said Hampstead on Tuesday, the 12th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose all necessary School Officers for the year ensuing.
3. To see if the town will vote to amend the Zoning Ordinance as proposed by the Planning Board as follows:

AMENDMENT NO. 1

I-3:0 AN ORDINANCE ESTABLISHING MINIMUM REGULATIONS GOVERNING THE DESIGN, CONSTRUCTION, ALTERATION, ENLARGEMENT, REPAIR, DEMOLITION, REMOVAL, MAINTENANCE AND USE OF ALL BUILDINGS AND STRUCTURES: PROVIDING FOR THE ISSUANCE OF PERMITS, COLLECTION OF FEES, MAKING OF INSPECTIONS AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF: KNOWN AS THE BUILDING CODE; AND REPEALING EXISTING ORDINANCE "Article XX recodified to I-3" OF THE TOWN OF HAMPSTEAD ZONING ORDINANCE, STATE OF NEW HAMPSHIRE.

I-3:1 ADOPTION OF BUILDING CODE.

Pursuant to RSA 674:51(a), to delete Article I-3 of the Town of Hampstead Zoning Ordinance entitled "BOCA", and in lieu thereof, to substitute and adopt by reference the "BOCA National Building Code/ 1990," Eleventh Edition as published by Building Officials and Code Administrators International, Inc., for the control of building and structures and their construction as therein provided; and each and all of the regulations, provisions, conditions, and terms of said BOCA National Building Code 1990 are hereby, by reference, adopted and made a part hereof as if fully set out in this Ordinance, with the exception of these additions, insertions, deletions and changes as set forth in Sections I-3:2 and I-3:3 below.

I-3:2 ADDITIONS, INSERTIONS AND CHANGES.

That the following sections are hereby revised as follows:

Section 100.1 Insert "Town of Hampstead"

Section 103.4 Insert "March 12, 1991"

Section 114.3.1 Insert:

Estimated Value of Construction

From	To	Fee for Building Permit
$ 0	$ 5,000.00	$30.00
5,000.00	10,000.00	35.00
10,000.00	25,000.00	40.00
25,000.00	50,000.00	50.00

Over the estimated value of $50,000.00 a permit fee of 1/10th of one percent (.1%) will be charged.

A fee of $125.00 shall be charged for a single family residence, with an additional fee of $25.00 for residences that contain a legal in-law apartment.

A duplex (2 units including a residence and "in-law-apartment") shall be charged a fee of $150.00.

Condominiums and apartments shall be charged at a rate of $75.00 per unit.

Electrical Permits

Residential (single family)	$30.00	
Condominiums	20.00	per unit/per common building
Multi-family	20.00	per unit/per common building
Commercial	50.00	

Plumbing Permits

Residential (single family)	$30.00	
Condominiums	20.00	per unit/per common building
Multi-family	20.00	per unit/per common building
Commercial	50.00	

Heating Permits

Residential	$25.00	
Condominiums	20.00	Per unit/per common building (individual heating systems for each unit–same as residential fee)
Commercial	35.00	
Multi-family	20.00	per unit/per building

Gas Permits

Residential	$25.00	
Condominiums	20.00	per unit
Commercial	35.00	
Multi-family	20.00	per unit
Gas storage tanks and underground piping		$35.00

I-3:3 PENALTIES

Delete Section 117.4 and insert in lieu thereof the following:

"117.4. In accordance with the requirements of NHRSA 676:17, any person who violates any of the provisions of this code or any condition of a permit

issued by any local administrator or land use board acting under the authority of this title:

(a.) Shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person.

(b.) Shall be subject to a civil penalty not to exceed $100.00 for each day that such violation is found to continue after the conviction date or after the date on which the violator receives written notice from the municipality that he is in violation, whichever is earlier."

I-3:4 BOARD OF BUILDING APPEALS

The Hampstead Zoning Board of Appeals/Adjustment shall also sit and act and is hereby so authorized to act, as the Hampstead Code Board of Appeals as is required by RSA 674:51 II, (and in accordance with) RSA 673:1 V, 673:3 II, and 673:5. Members and alternates appointed to the Hampstead Zoning Board of Appeals/Adjustment shall automatically thereby be appointed as members or alternates, respectively, of the Hampstead Building Code Board of Appeals.

I-3:5 SAVING CLAUSE.

That nothing in this Ordinance or in the building code hereby adopted shall be construed to affect any suit or proceeding impending in any court, or any rights acquired, or liability incurred, or any cause or causes of action acquired or existing, under any act or ordinance hereby repealed as cited in Section 2 of this Ordinance; nor shall any just or legal right or remedy of any character be lost, impaired or affected by this Ordinance.

I-3:6 DATE OF EFFECT

That the Town Clerk shall certify the adoption of this Ordinance and cause the same to be filed as required by law; and this Ordinance Shall take full force and effect immediately after the date of adoption by the voters of the Town of Hampstead.

Recommended by the Planning Board

4. To see if the town will vote to amend the Zoning Ordinance as proposed by the Planning Board as follows:

AMENDMENT NO. 2

To amend Article III-2:2.1.B and Article III-3:2.B (PERMITTED USES concerning the keeping of animals) by adding the following sentence:

"No such fencing shall be erected closer than 10 feet from abutters' property lines unless such fence is at least 200 feet from abutters' residences.

And to amend Article III-2:2.1.E and Article III-3:2.E to read:

"Large animals such as horses and cattle shall not be kept on lots of less than four acres unless the lot meets the following conditions: No more than one large animal shall be kept on a two-acre lot; not more than three (3) animals on a three-acre lot and no more than five (5) animals on a lot of less than four acres."

Recommended by the Planning Board.

5. To see if the town will vote to amend the Zoning Ordinance as proposed by the Planning Board as follows:

AMENDMENT No. 3

To amend Article IV-4:5 (SIGNS, SPECIAL EXCEPTIONS) by adding:

"3. that the design and materials of the sign be approved by the Board of Adjustment and,"

4. that where the frontage of a lot exceeds 300 feet frontage, a bonus aggregate area not to exceed 1 square foot of display area for every 4 linear feet of excess frontage shall be allowed and,

5. that no one sign shall exceed the maximum display area restrictions for that Zone.

Recommended by the Planning Board.

6. To see if the town will vote to amend the Zoning Ordinance as proposed by the Planning Board as follows:

AMENDMENT NO. 4

To amend Article IV:4.1 B (SIGNS) by adding the following paragraph:

"The display area of a sign is the surface area of the regular geometric shape (e.g. rectangle, hexagon, circle) containing the textual message and graphic body of the sign, including borders and surrounding space used to emphasize or set off the message from the external dimensions of the sign. The angles of the geometric shape must be 90 degrees or greater. The area of the supporting structures is not included in the display area unless it forms part of the graphic message body."

Recommended by the Planning Board.

7. Shall we adopt the provisions of RSA 72:28, V and VI for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemptions? The optional veterans' exemption is $100, rather than $50.

8. Shall we adopt the provisions of RSA 72:29-a, II to increase the surviving spouse exemption for surviving spouses of veterans who die while on active duty in certain conflicts from $700 to $1400?

9. Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is $1,400, rather than $700.

10. Are you in favor of returning to a 1-year term (as provided in RSA 231:62) for the town highway agent, beginning with the term of the agent who shall be elected at next year's regular town meeting?

11. To see if the town will vote to raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	$ 363,310.00
Public Safety	324,705.00
Highways	383,000.00
Sanitation	343,000.00
Health	52,795.00
Welfare	75,000.00
Culture and Recreation	146,260.00
Debt Service	68,562.50
Miscellaneous	167,700.00
	$1,924,332.50

Unanimously recommended by the Budget Committee.

12. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes and pay for the interest on same.

13. To hear reports of Auditors and Committees and to act thereon.

14. To see if the town will vote to authorize the Selectmen to dispose of, by public auction or advertised sealed bid, any real estate acquired by the town through Tax Collector's deeds, excluding those parcels of real estate which the Conservation Commission recommends for retention in the best interest of the town, as provided in RSA 80:42 and 80:42a.

15. To see if the town will authorize the Selectmen to accept private donations of land, interest in land or money for the purposes of contributing to the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the N.H. Land Conservation Investment Program (LCIP) RSA 221:A, and authorize the Selectmen to apply for and accept the state matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land. Said appropriated funds and state matching funds may be expended by a majority vote of the Conservation Commission with the approval of the Selectmen.

16. To see if the town will vote to raise and appropriate the sum of $20,000 to be added to the Conservation Fund for future land acquisition by the Conservation Commission.

Unanimously recommended by the Budget Committee.

17. To see if the town will vote to raise and appropriate the sum of $5,340.00 for a Water Resources Management and Protection Plan to be incorporated into the Town Master Plan.

Recommended by the Conservation Commission and Planning Board.

Unanimously recommended by the Budget Committee.

18. To see if the town will vote to raise and appropriate the sum of $28,000.00 and to expend the same for a general six percent (6%) pay raise for Town employees.

Unanimously not recommended by the Budget Committee.

19. To see if the town will vote to raise and appropriate the sum of $200,000.00 for the purchase of a Class A pumper for the Fire Department.

Unanimously recommended by the Budget Committee.

20. To see if the town will vote to raise and appropriate the sum of $100,000.00 for a capital reserve fund for the future purchase of fire apparatus.

Unanimously recommended by the Budget Committee if Article 19 is defeated.

Unanimously not recommended by the Budget Committee if Article 19 is adopted.

21. To see if the town will vote to raise and appropriate the sum of $100,000.00 to add to the established capital reserve fund for the purchase of land and/or toward construction of a new public library building.

Unanimously not recommended by the Budget Committee.

22. To see if the town will vote to raise and appropriate the sum of $15,000.00 for the purpose of an engineering study for capital improvements to highways as recommended by the Road Agent and the Highway Capital Improvements Master Plan—proposed roads: Westwood Road, Eastman Drive, Old Forge Road, and Quarry Road.

Unanimously recommended by the Budget Committee.

23. To see if the town will vote to raise and appropriate the sum of $1,000 for the purpose of honoring the men and women serving our country during the Gulf War.

Unanimously recommended by the Budget Committee.

24. To see if the town will vote to raise and appropriate the sum of $18,043.00 to support the Rockingham Visiting Nurse Association.

Unanimously recommended by the Budget Committee.

26. To see if the town will vote to raise and appropriate the sum of $6,711.00 to support the Center for Life Management.

Unanimously recommended by the Budget Committee.

27. To see if the town will instruct the Selectmen to legally adopt an appropriate resolution in the form approved by the Board of Trustees of the New Hampshire Retirement System, so that those full-time Town employees (presently five in number) who are not presently part of any retirement system, shall become eligible to participate in the New Hampshire Retirement System from and after January 1, 1991, with no credit for prior service unless the Town by subsequent vote, votes to fund such service; and to raise and appropriate the sum of $6,200.00 to fund the contribution to said retirement system for said employees for the year 1991.

By petition.

Unanimously recommended by the Budget Committee.

Unanimously recommended by the Personnel Policies Wage and Salary Committee.

28. To see if the town will vote to authorize the Library Trustees to accept, expend and apply any gifts and donations made to the Trustees and to make application for and to receive and spend in the name of the town library any grants or other funds as may now or hereafter be forthcoming from Federal, State, local or private agencies that would be of benefit to the library, and all expenditures to be in accordance with RSA 202-A:3, 6, and 11.

29. To see if the town will vote to raise and appropriate the sum of $20,000.00 and authorize the Selectmen to apply to the state of New Hampshire for matching funds to redesign the intersection of Old Danville Road and Route 121A.

Unanimously not recommended by the Budget Committee.

30. To see if the town will vote to accept the donation of the Eli and Bessie Cohen foundation for $4,000.00.

31. To see if the town will vote to reconvey to Peter M. Chiachio, Jr., and John R. Delgenio, as their interests may appear, the land and buildings known as Tax Map 14, Lot 23, taken from them by the town for 1980 taxes and conveyed to the town by Collector's Deed recorded in Book 2437 at Page 466 of the Rockingham County Registry of Deeds, in consideration of the payment by said Chiachio and DelGenio of all unpaid taxes thereon together with all accrued interest, penalties and costs.

32. To see if the town will vote to discontinue Leighton Road, under RSA 231:43.

33. To see if the town will vote to authorize the Plaistov Area Transit Advisory Committee to continue tc negotiate to bring rail transportation and facilities tc the Plaistow area. (No cost to the town is anticipated.

34. To see if the town will vote to direct the Chief of Police to make public accurate transcripts of the daily police logs.

By petition.

35. To see if the town will vote to direct the Chief of Police to maintain all police records and town-owned police equipment (with the exception of police cruisers) at the Hampstead Police Station located at 16 Emersol Avenue or in another designated town building.

By petition.

36. To see if the town will vote to direct the Chief of Police to comply with the New Hampshire Right to Know Lav (and the Federal Freedom of Information Act) upor request.

By petition.

37. To see if the town will vote to accept the following portion of Tanglewood Drive: from the intersection o Webber Road 611 feet ± to the boundary of Tax maj 18, Lot 166.

By petition.

38. To see if the town will vote to accept Bloody Brool Road and Buttrick Road as town roads.

Given under our hands and seal, this fourteenth day of February, in the year of our Lord nineteen hundred and ninety one.

A true copy of Warrant—Attest:

.....

Selectmen of Hampstead

The polls will not close before 6:00 PM. It is understood that a motion will be made at the opening of the meeting that the polls remain open until 8:00 PM.

Articles 3, 4, 5, 6, 7, 8, 9 and 10 will be voted by ballot on Tuesday, March 12, 1991.

The remaining articles will be voted at the business meeting which will be held on Friday, March 15, 1991, at 7:00 PM in the Middle School Gymnasium.

Budget of the Town of Hampstead, NH

PURPOSES OF APPROPRIATION (RSA 31:4)	INCOME	Appropriations 1990	Actual Expenditures 1990	APPROPRIATIONS ENSUING FISCAL YEAR 1991
Town Officers' Salary		39,650.00	41,029.00	42,550.00
Town Officers' Expenses	25,804.29	127,350.00	145,172.96	125,900.00

Assistant Director Judi Crowley organized the summer reading program with the state-wide theme of "Get that Reading Rhythm". Crafts were led by Susan Dunn, and the story-time was led by Janet Thiboutot. Hermine Ashby was awarded the prize for guessing the number of books read - 6908 items during the summer. Parties were held for all the age groups participating.

Staff continues to participate in professional conferences and workshops. Mrs. Rooney was elected chairman of the Merri-Hill-Rock Library Co-operative, a group of 21 libraries. Mrs. Crowley attended the various workshops centering on computer needs for a public library. Mrs. Crowley and Mrs. Rooney met with the school librarians to better serve the needs of the students. The library also hosted many pre-school and school visits.

Memorial funds, and the donation from the Friends of the Library, enabled us to ready for computerizing the circulation system. Staff and volunteers have been adding barcode labels to books preparing for commencement of the system by early spring. Patron cards will also be barcoded and when completed, checking out materials will be faster and more accurate. Inter-library loan throughout the state through electronic mail has shortened the time borrowing books from other libraries for patrons.

We were sorry to have Ellen Hardsog and Jackie Fisher leave us, and Jennifer Watson off to college; but welcomed Betsy Daniels and Merrilee Mandigo to the staff. Elaine David, Elsie Miller, and Margaret Noonan continue to give endless hours helping us in the library.

The library has benefited from having Mr. Joseph Hannigan return to the Board of Trustees; and Mrs. Pamela Hartung, Treasurer, and Dr. Jay Burns, Chairman, continue to pursue avenues on how best to serve the community on a long-term basis. The need for space is not going to diminish, only increase as time goes on. Their continued interest and support is most appreciated.

The development of the computerization of the library is due to the commitment of Assistant Director, Judi Crowley. The entire community benefits from the dedication of the library staff.

Mrs. Crowley, Mrs. Martin, Mrs. Mandigo, and I have enjoyed serving you, and will continue to do so to the best of our ability.

Respectfully submitted,

Elizabeth B. Rooney, Director

Public Library Trustee's Report—1990

This year at the Hampstead Public Library, we have continued to increase our circulation, resulting in a very busy time and with ever more crowded conditions. The staff, led by Elizabeth Rooney, continues to provide excellent service to the town, and we thank them for their dedication.

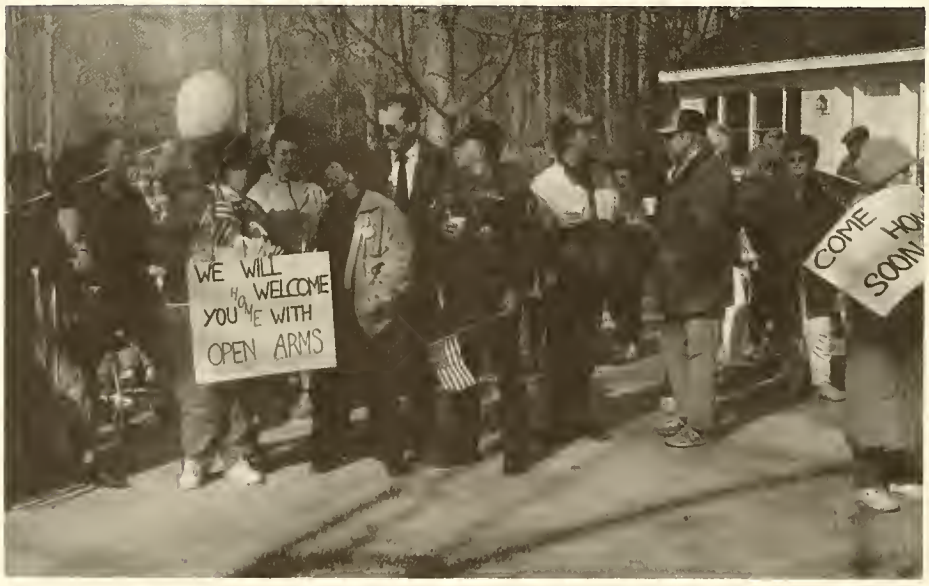
We would like to thank all the people who have volunteered their time at the library. Their help is greatly appreciated. We would like to thank the Lioness Club for donating books on tape, the Mother's Club for the books they have donated and especially their sponsoring the Story Hour conducted by Char Taylor. Also, we would like to thank Cathe Cussen and the Garden Club for the wonderful landscaping.

During the year, we have renovated the bathroom and installed central air conditioning. We have made great strides towards computerizing the circulation system which should be completed during the coming year.

We would like to acknowledge the continued support of the Friends of the Library and their donation of the hardware used in the computerization of the library. We would also like to thank everyone who has donated books and magazines during the year.

Respectfully submitted,

Jay P. Burns, Chairman
Pamela L. Hartung
Jospeh P. Hannigan, Jr.



SUPPORT OUR TROOPS RALLY

Hampstead Board of Adjustment Report—1990

The board of adjustment members would like to thank Richard Hartung for his years of service as a board member and would like to congratulate him on his successful campaign to the Selectmen's office. We wish him well on his future endeavors and will miss his experience on the board.

During 1990 the board heard:

18 requests for variances, 12 of which were granted.

39 requests for special exceptions, 30 of which were granted.

I am happy to announce that for the first time in recent years all the positions on the board have been filled. I thank the new members for their initiative and look forward to working with you in 1991.

Respectfully submitted,

Kevin L. Camm, Chairman
Hampstead Board of Adjustment

Conservation Commission Annual Report—1990

The Conservation Commission continued to expand the Darby/Kelly Brook Conservation area in 1990, purchasing 30 additional acres using the $20,000 approved for this purpose at the March Town Meeting. This enlarges the total area to about 100 acres. Access is now available to this area from Country Road, Collins Drive, and Golden Meadow Dr. A tour of the area will be conducted by the Commission in the fall.

The Commission applied for a grant from the NH Land Conservation Investment Program (LCIP) for the purchase of some 70 acres off Main Street that abut existing conservation lands. The grant was given preliminary approval in January and the purchase is being concluded.

The Commission gained strength from the addition of several highly qualified residents as members and alternates. The Commission now has a hydrogeologist, a civil/environmental engineer, two land use consultants, and a waste management consultant, as well as the usual software engineers! As we strive to maintain the quality of our water and land resources here in Hampstead, these skills will prove invaluable.

Thanks to Bruce Nadeau, who left the Commission this year.

This year the Commission processed eight Dredge and Fill applications, down from the 20 last year. These applications required the Commission to perform on-site inspections and report to both the NH Wetlands Board and the Planning Board.

Again this year the Commission celebrated Arbor Day, distributing nearly 2000 White Spruce, Douglas Fir and Scotch Pine seedlings to residents. It happens again in April.

The Commission again co-sponsored the Fishing Derby with the Civic and Mother's Clubs.

This year the Commission is pursuing the idea of restoring some of our native wildflowers to Town Conservation Lands. Residents who are aware of forest wildflowers in the path of an imminent bulldozer should let the Commission know the details.

As part of our goal to assess the lands that we have under our care, the Commission conducted a brief botanical survey of the magnificent Atlantic White Cedar swamp donated to the Town by Dean Howard. As part of our educational efforts we are reproducing the results on the following pages.

ECOLOGY OF THE HAMPSTEAD ATLANTIC WHITE CEDAR SWAMP

The Hampstead Cedar Swamp is an excellent example of this rare freshwater wetland type. Chamaecyparis swamps only exist in a narrow (130 km wide) band along the eastern coastal US. Factors such as draining, pollution, and logging have drastically reduced the number of intact Atlantic White Cedar Swamps. It is important to protect the best remaining examples of this natural community in order to preserve the natural diversity of the our state.

Technically, a typical Atlantic White Cedar Swamp is classified as a Palustrine, Forested Wetland (Cowardin et al., 1979). They are usually semi-permanently flooded or saturated with fresh, highly acidic water on organic soils. It has been theorized (Redfield, 1965) that the overall rise in sea level since the last glacial period has, in turn, led to a rise in ground freshwater levels thus creating conditions favorable to the development of Cedar wetlands in coastal regions. With standing water prevailing for most of the growing season, these sites are too wet for other tree species.

The Cedar trees usually grow on hummocks scattered throughout the flooded area. The Cedar Swamp system is ombrotrophic (dependant on precipitation for water and minerals) with waters that are deficient in ions and low in pH (Laderman, 1980).

The soils that underlie the Swamp are classified as Histosols (commonly called "peat"). Because a Cedar Swamp is a very specialized habitat, only certain plant species can survive there. Dominant in the Hampstead Swamp are Atlantic White Cedar (Chamaecyparis thyoides), with Royal Fern (Osmunda regalis), Sweet Pepperbush (Clethra alnifolia) and the sedge Carex folliculata growing along the periphery. Of special interest is the presence of a State Threatened species, Tufted Loosestrife (Lysimachia thyrsiflora), within the Swamp. The list of plant species provided with this report include those found along the edges of the swamp.

The size of the trees, the pristine condition of the Cedar Swamp, and the occurrence of a state protected species make this site an exemplary Natural Area. It may be that one of the trees exceeds the size of the current state champion Atlantic White Cedar from Rye (Circumference 5' 11", height 41 feet, crown spread 38 feet [personal comminication, T. Churchill, Society for the Protection of New Hampshire Forests]).

Cedar Swamps and their associated thickets provide excellent cover for deer, rabbits and birds. Two studies done in an Atlantic White Cedar Swamp in Barrington, New Hampshire recorded 16 species of breeding birds in 1951 and 13 species in 1984 (Miller et al 1987). A copy of their findings is included with this report. In addition, the only state record for the rare butterfly Hessel's Hairstreak (Mitoura hesseli) is from this site. Since the larvae of Hessel's Hairstreak feed only on Atlantic White Cedar, this species has become less prevalent due to the destruction of its habitat.

The preservation of an intact Atlantic White Cedar Swamp community depends upon a myriad of interacting factors with water regimes being the most critical. Flooding must occur enough to discourage invasion by other species but permanent flooding drowns seedlings and stresses mature trees. Ditching or draining the swamp will cause the peat

substrate to desiccate to the point where it will no longer support Cedar trees. Illustrations of these influences and the consequences associated with them are included in this report.

In addition, nutrient enrichment and/or pollution is also detrimental to the Cedar Swamp community. Surface runoff and septic leaching are the prime causes of these impacts. This type of disturbance is often associated with residential development.

A CHECKLIST OF THE PLANTS OF THE HAMPSTEAD ATLANTIC WHITE CEDAR SWAMP

TREES

Chamaecyparis thyoides	Atlantic White Cedar
Acer rubrum	Red Maple
Quercus rubra	Red Oak
Quercus bicolor	Swamp White Oak
Pinus strobus	White Pine
Ulmus americana	American Elm
Castanea dentata	Chestnut
Betula populifolia	Grey Birch
Betula lenta	Black Birch
Fraxinus nigra	Black Ash
Sassafras albidum	Sassafras

SHRUBS

Cornus stolonifera	Red Osier
Viburnum recognitum	Arrow-wood
Viburnum alnifolium	Moosewood
Vaccinium corymbosum	Highbush Blueberry
Vaccinium angustifolium	Low Sweet Blueberry
Clethra alnifolia	Sweet Pepperbush
Gaylussacia baccata	Black Huckleberry
Kalmia angustifolia	Sheep Laurel
Ilex verticillata	Winterberry
Spiraea latifolia	Meadowsweet
Cephalanthus occidentalis	Buttonbush
Alnus rugosa	Speckled Alder
Hamamelis virginiana	Witch Hazel
Lyonia ligustrina	Maleberry
?Toxicodendron vernix	Poison Sumac

VINES

Parthenocissus quinquefolia	Virginia Creeper
Vitis novae-angliae	New England Grape
Smilax rotundifolia	Greenbrier

FERNS AND FERN ALLIES

Lycopodium obscurum	Princess Pine
Osmunda regalis	Royal Fern
Osmunda claytonia	Interrupted Fern
Osmunda cinnamomea	Cinnamon Fern
Onoclea sensibilis	Sensitive Fern
Pteridum aquilinum	Bracken Fern
Dryopteris thelypteris	Marsh Fern

GRASSES, SEDGES AND RUSHES

Carex folliculata	a Sedge
Carex intumescens	Swollen Sedge
Carex lurida	a Sedge
Carex oligosperma	Few-seeded Sedge
Carex crinita	Crinkled Sedge
Scirpus atrovirens	a Bullrush
Dulichium arundinaceum	Three-way Sedge
Calamagrostis canadensis	Canadian Reed-bentgrass
Glyceria canadensis	Rattlesnake-grass
Juncus tenuis	Path Rush
Panicum spp.	Panic Grass

HERBS

Uvularia sessifolia	Wild Oats
Trientalis borealis	Starflower
Gaultheria procumbens	Wintergreen
Maianthemum canadense	Canada Mayflower
Aralia nudicaulis	Sarsaparilla
Mitchella repens	Partridgeberry
Monotropa uniflora	Indian Pipe
Lysimachia thyrsiflora*	Tufted Loosestrife
Viola cucullata	Hooded Violet
Viola lanceolata	Long-leaved Violet
Viola palens	Pale Violet
Lemma minor	Duckweed
Drosera rotundifolia	Round-leaved Sundew
Rubus hispidus	Dewberry
Iris versicolor	Blue Flag
Medeola virginiana	Indian Cucumber-root
Toxicodendron radicans	Poison Ivy
Bidens discordia	Bur-marigold
Epilobium coloratum	Willow-herb
Eupatorium maculatum	Joe Pye Weed
Eupatorium perfoliatum	Boneset
Lycopus uniflorus	Water-horehound
Lysimachia quadrifolia	Whorled Loosestrife
Pyrola virens	Green-flowered Pyrola
Hieracium paniculatum	Panicled Hawkweed
Melampyrum lineare	Cow-wheat
Nymphaea odorata	White Water Lily
Alisma plantago-aquatica	Water Plantain
Polygonum arifolium	Tearthumb
Impatiens capensis	Jewelweed
Cornus canadensis	Bunchberry
Scutellaria epilobifolia	Scullcap
Coptis groenlandica	Goldthread
Clintonia borealis	Bead Lily
Thalictrum polygamum	Tall Meadow Rue
Cypripedium acaule	Pink Lady's-slipper
Solidago bicolor	Silverod
Solidago juncea	Early Goldenrod
Aster lateriflorus	Calico Aster
Aster acuminatus	Whorled Wood-aster
Aster umbellatus	Flat-toped Aster
Prenanthes altissima	Rattlesnake-root
Ludwigia palustris	Water-purslane

*State Threatened species

Zoning Ordiannce Committee Report — 1990

Having completed the revision of the Zoning Ordinance in October, 1989, the Zoning Ordinance Committee was inactive during the first eleven months of 1990 while waiting for Planning Board action on either of the two drafts previously submitted by the Committee: Phase I, the mechanical reorganization of the Ordinance (submitted in September, 1987, revised November 1988) or Phase II, the complete revision of the Ordinance (delivered in October 1989).

The Planning Board placed Phase I in the November Special Town Warrant and the voters approved it. Shortly thereafter, the Committee met with the Planning Board to determine the Committee's future course of action. It was jointly agreed that the Committee would resume meetings for the specific purpose of developing and submitting to the Planning Board recommended warrant articles based on the Committee's work on Phase II, the real substance of the Committee's work. These suggested warrant articles will be considered by the Planning Board for inclusion in future town warrants, at its option.

The Committee met in late November to plan its activities for 1991. During the meeting, Peter Killheffer, the new Planning Board representative, suggested that the scope of the Committee be expanded to include consideration of matters not presently in the Ordinance, a marked departure from the Committee's original charter. The matter was referred to the Selectmen, since they appointed the Committee and defined its original scope.

In summary, the work of the Committee in 1991 will be the submission to the Planning Board of the changes, additions and language clarification suggestions which the Committee identified in Phase II, this time in the form of future warrant articles, and thus conclude its task, begun in April, 1987.

Regrettably, the Committee will no longer have the valuable contributions of two of its original members, who resigned during the year:

> **Claire Alexander**, who in 1986 initiated and spearheaded the effort to "do something" about the Zoning Ordinance. It was Claire's concerns about the unclear language of the Zoning Ordinance and the unfairness of its administration that convinced us that a complete overhaul of the Ordinance was the only logical way to address both concerns. Her dedication to this task inspired us to pool our talents in the accomplishment of those goals. Under her leadership, our collective efforts led to the appointment of the Zoning Ordinance Committee in April, 1987, as a result of Town Meeting action. Claire is also serving her second term as Trustee of the Trust Funds, an elective office, and
>
> **John Williams**, our first chairman, who had the difficult task of organizing and providing direction to the Committee during its early stages and through the completion of Phase I in what was really uncharted territory, while becoming himself familiar with the nuances of zoning. John was appointed to the Planning Board during his tenure in the Committee and presently serves as its vice-chairman.

We thank Claire and John for their contributions to the Committee on behalf of the citizens of Hampstead and congratulate them for their unquestionable civic spirit, which they continue to demonstrate in other public posts.

For the Committee,

Jorge Mesa-Tejada, chairman

THE COMMITTEE:

Beverly Fuller, secretary
Kevin Camm, Board of Adjustment
Jorge Mesa-Tejada, chairman
Peter Killheffer, Planning Board
Rodney Pica
Rick Hartung, Selectman

Hampstead Recreation Commission Report—1990

The Hampstead Recreation Commission(HRC) consists of a five(5) member board: Terry Pavlini-Chairman, Phil Torre, Nelson Currin, Donald Simpson, and David Morin. Patti Christensen is the director of the HRC. This is a year round part-time position. The HRC administers and supervises the recreation programs and facilities offered in Hampstead. The public is invited to attend any HRC meetings held on the second and fourth Wednesdays at 7 pm.

Our summer program continues to grow with over 175 children registered.The children enjoyed a full range of art and sports activities as well as field trips every Wednesday. The HRC would like to thank the many active and supportive parents who gave of their time and talents to further enhance the program. The Little Red Wagon made two appearances as well as one appearance of the Music Masters Theatre group.

We enjoyed the summer at the Hampstead Town Beach. The HRC tests the quality of the water once a week. This year, the beach permit will be sold starting in January as this is a year round permit. The HRC maintains the facility,the waterfront, and provides the lifeguards.

The Hampstead Memorial Gymnasium is maintained by the HRC and is constantly in use. Permisssion to use the gym must be granted by the HRC. We were thrilled this year as we were able to install new glass backboards with break-away rims with the financial help of the Hampstead Men's Basketball League and the Civic Club. At this time, we must thank the Hampstead Men's Basketball League and the Greater Haverhill Rotary club(Bill Letoil) for their generous contributions. These contributions helped greatly in enhancing our summer program.

The tennis courts were under the new management os the newly formed Hampstead Tennis Association. Clinics were offered, Round Robins and a very successful tournament was held. Our thanks goes out to Dick and Terry Southwick and their committee for their hard work.

This year the HRC began itsproject on the Jack Wood Memorial Field in East Hampstead. We are dedicating 1991 to finishing this field The Hampstead Mothers club is also planning a playground area at this location.

The Annual Seniors Christmas Dinner was a great success with 215 (record (number) attending. The HRC would like to acknowledge the great efforts of the seniors trip committee. Thanks to Edna Fletcher,Lillian Hurn, andAlfred Feno.

The Recreation Commission sponsored a track team, coached by Patti Christensen, to the Hershey Track and Field Event in Rochester. 30 Children participated. The team received25 ribbons and 15 state finalist T-shirts. The 9 year old relay team finished 3rd in the state. The 11 year old relay team finished 4th overall.

The HRC ski program at Bradford Ski Area for children and adults filled to capacity.

We are still very proud of our affiliation with the NYSCA(National Youth Sports Coaches Association) The HRC has certified over 100 coaches to date. This organization stresses quality coaching with emphasis on fun, fairness, and the satisfaction of competition.

Once again, The HRC thanks those individuals who assisted in making all of our recreational programs a great success.

Respectfully submitted,

Hampstead Recreation Commission

Hampstead Recycling Committee Report — 1990

Hampstead's first four months of recycling has been a tremendous success. Curbside collection of recyclables: newsprint, glass and aluminum cans by our new hauler, Hussey Disposal of Nashua, NH began in September, 1990. Along with our recycling of scrap metals through drop-off by residents at the landfill, as well as composting and reuse of yard wastes, Hampstead is now recycling at a very successful rate nearing its 25% goal. The Town is recycling approximately 23% of its total solid waste on a weight basis, of which 9.4% is attributed to curbside recycling and 12.9% is comprised of scrap metals and yard waste. This success is due to the overwhelming participation by Town residents, (which is in excess of 80%), and the assiduous planning and smooth implementation of the program.

Hampstead made the application, met criteria and was awarded the maximum allowable grant of $4,751.90 from NH Governor's Recycling Grants Program which was used to cover half the cost of the bin. The blue and gold recycling bins were chosen to match the school colors. The bins were produced using 25% recycled plastic and were purchased through a bid process from Rehrig Pacific Company of Raymond, NH.

Records indicate that the Town is recycling approximately 9.4% of is solid waste or an average of 5.36 tons per week through the curbside recycling program. Given the existing contract for the collection and marketing of the recyclables, the Recycling Committee calculates recycling is less expensive than the regular trash disposal. The Town is saving $34 per ton on each ton of waste recycled as opposed to disposal with the regular solid waste. In addition, for each ton of materials recycled, the Town saves $52.50 per ton in fees charged, (tipping fees), for incineration at the Waste to Energy facility. Avoided tipping fees total approximately $4,300 for 1990 and reduce the Solid Waste expenditures but are attributable to Recycling. The total savings in 1990 was about $7,000. or $86 per ton less to recycle as compared to disposal in the regular trash. Moreover, the cost savings would increase with an increase in the participation in the curbside recycling program.

Recycling totals $17,803.80 for the four months ended December 31, 1990 well under the $31,000. warrant approved at the Town meeting in 1990. This figure includes the capital outlay of $9,503.80 to purchase the recycling bins and operating expenses of $8,300. for the collection and marketing of recyclables. The cost of recycling for the Town when the funds received as revenues from the grant are considered is about $13,000.

In 1991, curbside recycling will cost $26,000. At the current recycling rate of 9.4%, Hampstead will recycle approximately 279 tons of newsprint, glass and aluminum. We will enjoy a decrease in tipping fees of $52.50 for every ton of recycled materials, or about $14,650. in our Solid Waste budget for the year.

The items chosen for recycling met criteria for weight reduction, cost effectiveness, and encouraged maximum participation by residents. The possibility of recycling other items will continue to be investigated. Tin,

plastic, other paper, cardboard and food waste are some materials in solid waste which can be recycled. We will keep apprised of the recycling methods, marketing options and costs for these or other additional materials for recycling and propose them as soon as possible. We encourage everyone to complete the cycle by purchasing recycled products.

Respectfully submitted,

The Hampstead Recycling Committee:
Patrick Bracken
Cheryl Keim
Phil Longo
Maryanne Michaelsen
Leslie Riemitis
Elissa Stone

Quadtown Solid Waste Subdistrict Annual Report — 1990

Quadtown Solid Waste Subdistrict conducted its quarterly business meetings and several work sessions to complete the Solid Waste Plan which was submitted to the New Hampshire Department of Environmental Services (NHDES) and 149-M Solid Waste District on March 20, 1990.

Preliminary review of the Quadtown Plan was done by Kathleen Brockett of NHDES who noted it appears to be complete in content and time frames, and complimented the committee for a fine job. The Committee operated and completed the plan for a total of $1,369.56.

The Plan, submitted to the 149-M Solid Waste District per the requirement of the State, is an appendix to the District's over all plan which will be submitted to the State for complete approval in 1991.

Elections were held in June. Officers elected were:

Bill Choate	Chairman
Nathaniel Rowell	Vice Chairman
Michael Colotti	Treasurer
Suzanne Ryan	Secretary

Master files were moved to the Rockingham Planning Commission, Exeter, for public access. Minutes will continue to be placed on file at the Town Hall of each Quadtown member.

Bi-annual Budget for 1991 and 1992:

Typing	$500.00	
Printing	500.00	
P.O. Box	50.00	
Stationery	150.00	
Legal Fees	600.00	
Contingency	3,600.44	
	$5,630.44	Total Budget 1991 & 1992

Quadtown members voted to return $7,000.00 in dues to member towns. Hampstead, Kingston, and Newton each received $2,000.00, and East Kingston received $1,000.00. This is the 2nd year the Quadtown has refunded dues to the towns.

Quadtown members will continue to meet quarterly, per the by-laws, to assess all new options for Solid Waste Management and review current practices. These new options will be assessed in preparation for amending the plan which is required bi-annually. Special emphasis will be to evaluate a Quadtown program for Recycling and the needs for a Household Hazardous Waste program for our Subdistrict.

Respectfully submitted,

Quadtown Committee Members

Hampstead:	Bill Choate, Chairman Michael Colotti, Treasurer Joseph Guthrie, Selectmen's Representative
East Kingston:	Nathaniel Rowell, Vice Chairman Donald Clark Donald Andolina, Selectmen's Representative
Kingston:	Bruce Campbell
Newton:	Martha Bailey Suzanne Ryan, Secretary David LeDuc, Selectmen's Representative

Rockingham Planning Commission Report—1990

The Rockingham Planning Commission provided a variety of services to Hampstead during 1990.

1. Sent letters to Conservation Commission and Fire Chief soliciting input for the Master Plan. Incorporated input from the Cemetery committee.

2. Incorporated information from the Fire Department into the CIP. Prepared and presented a CIP table estimating future assessment ratios and local tax rates. Updated the CIP with 1990 Town Meeting results and submitted it to the Board. Continued to refine CIP with input from the Planning Board, the Budget Committee, and the Selectmen.

3. Presented Master Plan draft chapters to the Planning Board of Water Resources, Recreation, Conservation and Preservation. Sent a copy of the Recreation Chapter to the Trails Committee.

4. Prepared and presented a plan of action for completion of the Master Plan and CIP. Sent letter to Planning Board Clerk regarding outstanding items in the Master Plan and CIP. Sent a letter to the Board Chairman regarding completion of the Master Plan and CIP.

5. Met with Planning Board member regarding the Master Plan.

6. Provided 10 copies of the current drafts of the Master Plan and CIP. Sent copies of the CIP to two Board members.

In addition, the RPC delivered copies of the 1990 Planning and Land Use Regulation books and submitted a proposal for preparing the Town's first Water Resource Management and Protection Plan.

In addition to Town-specific assistance, Hampstead benefited from planning services provided on a region-wide basis to member communities. During 1990 these included:

1. Provided administrative, organizational and planning assistance to the Southeast Regional Solid Waste District (149-M). The District is a 21 town organization created to plan for and develop long term solid waste disposal options in Southeastern Rockingham County. Specific work this year included a complete update/rewrite of the 1987 Solid Waste Plan as required by State law.

2. Completed work on the third phase of a multi-year effort to develop a regional master plan designed to set forth land use and development policies for the region and to develop supporting data for those policies. Topics covered included in phase III are: Water Resources, Forestry, Wildlife and Farmland Protection.

3. Organized and hosted the 7th annual Natural Resources Lecture Series in cooperation with the Rockingham County Conservation District and Cooperative Extension Service. Topics included groundwater protection and septic system function, soil-based lot sizing under a new proposed model regulation, new rules of the State Wetland Board, and N.H. Rivers Protection Program.

4. Assisted in the organization of and hosted the 15th annual Municipal Law Lecture Series for town officials involved with land-use decision making.

5. Prepared and distributed our annual zoning and building code amendment calendar informing town officials of the required timing of events associated with proposed zoning and building code amendments.

6. Completed work on a study of regional water supply systems and long range needs, organized by the Southern N.H. Water Supply Task Force.

7. Organized the 6th annual Rockingham County Household Hazardous Waste Collection Project providing County residents with environmentally safe disposal of unwanted hazardous household products.

8. Continued to assist in the planning and organizational aspects of COAST -- the Cooperative Alliance for Seacoast Transportation -- an organization of public transit providers in Rockingham County, Strafford County and Southern Maine. RPC support this year included investigations into supplemental funding sources, an inventory of park and ride facilities and the sponsoring of coordination meetings for human service transporation providers in the region.

9. Continued to assist in Federal, State and local coordination of highway improvement planning and public transit planning; provided technical assistance to local highway safety committees and performed numerous traffic analyses; provided technical assistance on highway corridor and signal analyses; continued work with committees on special transportation needs.

10. Published and distributed an update to Guide to Transportation Services for the Elderly and Disabled in Rockingham and Strafford Counties.

11. Continued to assist communities in the development of road surface management system plans which are designed to provide decision makers with a comprehensive assessment of local road maintenance needs, repair strategies, and costs.

12. Prepared and distributed model excavation regulations based on the 1989 changes made to RSA 155-E. Continued to maintain and update our collection of model ordinances, subdivision regulations and other local land use regulations.

13. Attended hearings and wrote letters in support of several legislative initiatives, including bills to permit towns and cities to charge developers for off-site costs resulting from development -- so called "impact fees", and to provide uniform shoreland protection standards statewide.

14. Prepared and distributed Summary of RSA Amendments - 1990, our annual summary of changes to planning-related RSA's. The document explains changes made during the year's legislative session, and suggests actions necessary for compliance.

15. Organized and sponsored the second annual Planning Board Training Workshop series in conjunction with the Rockingham County Cooperative Extension Service and Conservation District. Topics included an update on new planning statutes, code enforcement, wetlands, septic systems, and conserving rural character through creative development.

16. Assisted the Exeter River Watershed Association in its efforts to protect the Exeter and Squamscott Rivers by promoting coordinated land use regulations.

17. Prepared and distributed an Annual Report and two issues of "Rockingham Notes", the newsletter of the Rockingham Planning Commission.

18. Supplied 1989 New Hampshire Planning and Land Use Regulation books to Planning Boards.

19. Continued development of in-house Geographic Information System (GIS) for use in local and regional planning. County-wide soils data were obtained and the latest USGS Aquifer Study maps were digitized for use in local and regional planning.

20. Prepared and distributed a 1990 version of "Regional Facts", a 25 page publication of demographic information. Fielded numerous inquiries and requests for statistical information regarding the region, its economy and demographics.

21. Monitored action of the Pease Redevelopment Commission and its successor the Pease Development Authority, and communicated to them repeatedly the need to incorporate regional concerns in their planning process; reviewed draft and final versions of Bechtel's Redevelopment Plan, submitted written comments, and attended numerous public hearings on same.

22. Co-sponsored two regional meetings regarding reestablishing intercity (Amtrak) rail service from Boston to Portland via Plaistow, Exeter and Dover; adopted formal resolutions supporting the proposal.

23. Prepared and distributed Implementation of an Impact Fee System in N.H. Communities, an analysis of the legal and technical basis for using impact fees in New Hampshire. The report included a step by step explanation of a sample impact fee ordinance; distributed copies of the landmark Brickmaster v. Salem (1990) N.H. Supreme Court case which supports the use of impact fees.

24. Participated in the Route 101 Expansion Project "working group" to express local support for the project, and relay concerns about highway safety and environmental issues. Prepared responses to NHDOT regarding issues that should be addressed in the Environmental Impact Statement.

25. Participated in the statewide "Ad Hoc Soils Committee" in reviewing revised soil-based lot sizing regulations; represented local planning issues and concerns in that process.

26. Began a cooperative study of the Route 101 Corridor (Stratham to Portsmouth) with NHDOT, Stratham, Greenland and Kimball Chase Co. to assess future needs and recommend methods and controls to limit future congestion.

27. Provided continued support to the NHDOT and the Route 111 By-Pass Committee in Windham and Salem regarding future construction of a bypass around Shadow Lake and the existing Route 28/Route 111 intersection. Support has included preparation of land use and public lands map, evaluating local development policies and assessing the buildout potential within the study area.

28. Sponsored a local public officials meeting in conjunction with the N.H. Water Resources Board to present results of the USGS Aquifer Delineation Study in the Exeter and Lamprey River Basins.

29. Provided assistance to four communities in preparing recycling grant applications; prepared and distributed a regionwide summary of municipal recycling programs and activities (Recycling in the RPC Region: A Status Report, January 1990).

30. Provided ongoing technical assistance and support to the Plaistow Area Transit Advisory Committee (PATAC) in their efforts to improve public transit service in the Plaistow area (including extension of MBTA service).

Plaistow Area Transit Advisory Committee Report — 1990

The officers and members of the multi-town organization known as PATAC (Plaistow Area Transit Advisory Committee) want to thank the voters of our towns for their support and offer this report of PATAC's progress since its birth in May of 1990.

When PATAC was first formed, we were gratified at the large number of towns which sent representatives to work on restoring commuter rail service to the Plaistow area.

At our first meeting, we divided into subcommittees to work on coming up with a ridership survey, with getting by-laws drawn up and with investigating sites along the existing railroad tracks for a station and, later, a lay-over facility.

Our first job was to find out if there were enough people out there who would ride a commuter train from the area. With the help from the New Hampshire Department of Transportation and the Rockingham Planning Commission, this ridership survey was quickly formed and completed in August. The survey showed that there is widespread support for commuter service and our work went forward.

Our monthly meetings, rotating among the member towns, drew upon the knowledge of experts in the field as well as from volunteers, among whom were included several members of NHDOT, including former Commissioner Wallace Stickney, current Commissioner Charles O'Leary, Rail Bureau Chief John Clement; Charles Steward and John Thompson of the MBTA, James Stoetzel of Stoetzel Associates of Andover, Mass.; Colin Pease of Gilford Transportation; Thomas Greenman of

the Nashua Study Committee; and Wayne Davis, chairman of the Portland-based TrainRiders/Northeast..

In December, proposed legislation was filed to study the formation of a transit authority, if, indeed, one is needed; a letter was sent to set up a meeting with Massachusetts Gov. William Weld and Lt. Gov. Paul Cellucci; and an appointment was sought for a meeting with New Hampshire Gov. Judd Gregg.

Although we would like to report that commuter rail service between Plaistow and Boston is a reality, we feel that that service could be in place within a couple of years, if not sooner.

On a personal note, I want to thank the entire membership of PATAC, especially the officers and the members of the various sub-committees - without them we would never have reached the point at which we now find ourselves.

Again, we thank the voters and residents of our towns and ask for your continued support.

Respectfully submitted,
Merilyn P. Senter
PATAC chairman and
State Representative, Rock. District 9

RICHARD H. HARTUNG
Selectman
(603) 329-5319

Re: 1991 Committee Report

The first meeting of the *Korean/Vietnam War Monument Committee* was held on July 5, 1990, as a result of a town vote authorizing $500 as "seed money" for a Korean/Vietnam War Memorial. The Board of Selectmen, represented by Richard Hartung, set up a committee consisting of John Oliver (Chairperson), Allun Hamblett (Secretary), and Maurice Randall (Treasurer).

The Committee was sympathetic to the unhealed wounds remaining on both sides of the debate surrounding the Vietnam and other wars. The monuments presented an opportunity to finally focus on the individual men and women who served, and honor their personal sacrifice. Above all, the Committee wanted each monument to reflect a statement of historical significance for future generations of Hampstead residents.

After a series of meetings, the Committee developed the concept of a "Veterans Park" centered on the existing World War II Memorial on the town hall green. The Korean and Vietnam Monuments will flank each side of the World War II Memorial, with the World War I Memorial placed on-line to the front. The Civil War Memorial overlooks the park from its current position. Depending on available resources, a curved walkway and various landscaping will be used to blend the park into Hampstead's classic small town setting.

Two monoliths of native granite were selected for the monuments. The Korean Monument will bear the inscription "Dedicated to all Korean Era Veterans who served, fought, and died. 1950-1954. The first war in American history where we repelled aggression as part of a United Nations Force," along with a map of Korea and a flag of the United Nations. The Vietnam Monument will be inscribed "Dedicated to all Vietnam Era Veterans who served, fought, and died. 1961-1975. The first helicopter assault war and America's longest conflict in the cause of freedom." Like the Korean Monument, the Vietnam Monument will have an inscribed map and a facsimile of an assault helicopter. Both memorials will bear the names of the men and women who entered the service from Hampstead. (The Committee is still collecting the names of Hampstead veterans.)

The Committee set a goal to raise $7,500 through the support of citizens and local businesses. To date, the Committee has raised in excess of $4,000 and also received "in kind" donations of concrete, landscaping services, and other materials.

1991 Committee Report
Korean/Vietnam War Monument Committee

The Committee is extremely grateful for the town's initial support of $500, but more support is needed to reach our goal.

The Committee selected Memorial Day (Monday, May 27) to celebrate and dedicate the monuments; all residents, their families and friends are encouraged to actively participate. The celebration will also be dedicated to those men and women currently serving in operation *Desert Storm*.

Each Committee member served the town on this project for his own personal reasons. It has turned out to be a "labor of love" for each member, and a time to reflect upon past comrades and the reason men answer the call to arms. We have learned a lot from each other, and have embraced the support of those Hampstead residents who have asked to be a part of the project.

Respectfully Submitted,

Korean/Vietnam War Monument Committee

Allun R. Hamblett

HAMPSTEAD SCHOOL BOARD

REPORT OF THE CHAIRPERSON

Since the turn of the century, our country has been the world's industrial leader. However, a fundamental change in our industrial competitiveness has occurred over the past decade. American manufacturers have been taught painful lessons by Asian and European competitors: quality and productive win.

The primary lesson is that total production costs are reduced when work is done right the first time. Rework is expensive. Second, superior products will always be in greater demand than mediocre ones, as is evidenced by the current state of the American automobile industry. In the global market, America is now playing catch-up with our international competition.

We need to learn from this change in America's industrial position and apply it to public education. We need to provide all with a quality education if our "products", the children, are to maintain competitive in today's global society.

Providing a quality education makes good economic sense in the long run. Society's cost to reform or care for an individual who feels "left behind" is much higher than providing high quality education in the first place.

Hampstead has traditionally provided its schools with what is needed to meet out high expectations. Our students receive a continuously high quality education. Given the recent economic downturn and our demonstrated continued growth, we are all faced with a very difficult decision: continue the tradition or lower expectations.

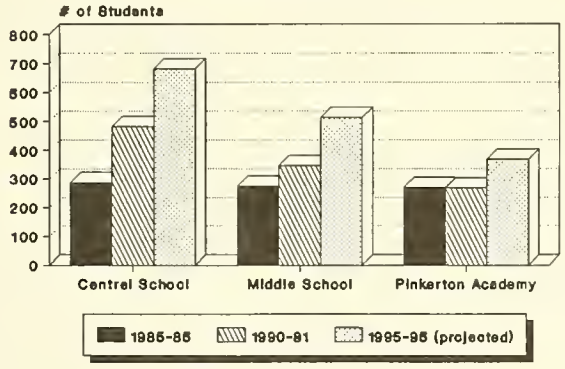
Today's children represent the future leaders of America. We need to continually challenge them and provide them the tools they will need to meet these challenges. We must look beyond today and continue to support a quality education for our children.

Edward Nadworny
Chairperson
Hampstead School Board

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

GROWTH - The Hampstead School District has experienced a tremendous increase in student growth over the past ten years. In reviewing the enrollment projections used during that period to plan, the actual enrollments were always higher than what we had predicted. However, because of the economic slow down in the region, it is felt that the rate of growth will continue but at a slower rate. Annually, the town census is taken for the district to verify the number of children in town who will enter school. This year's census shows that Hampstead has the children and they are on the way. As shown by the enrollment graphics, you can see that the enrollments in all schools will continue to increase. There is a major pressure point at the Middle School that needs to be addressed immediately. The school's capacity of 300 was reached in the 1988-89 school year and the School Board has been planning for the addition since that time. Next year the enrollment will jump to 382 and the following year to 424. The school is using all available space along with two portable classrooms. The enrollment data is reviewed and updated annually. I believe that we will need to keep a close watch on the Central School growth. Time will tell.

STUDENT ENROLLMENT
GRADES R - 12



TESTING - The State of New Hampshire has been involved in a state-wide accountability testing program since 1985 using the California Achievement Tests. The test battery includes sub-testing in Reading, Mathematics, Language Arts, Science and Social Studies. Every school district is required to test in grades 4, 8, and 10, and they report the results to the State Department of Education. School districts are able to compare themselves on two levels: national norms and state norms. On the chart you can see that Hampstead compares very favorably to both the national and state norms. In fact, our students consistently score higher than the state norm. The national norm is always 50 and the State of New Hampshire norm changes every test year but is always higher than the national norm score. Further, Hampstead students score better than the New Hampshire norm score.

Grade 4	118	5	23.6:1
TOTAL	506	(23)	
HMS			
Grade 5	98	4	24.5:1
Grade 6	89	3	* 29.6:1
Grade 7	81	3	* 27.0:1
Grade 8	85	3	* 28.3:1
TOTAL	353	(14)	

* Over desired goal of 25 to 1. Four high ability classes at the Middle School have 32 students in them.

CLASS SIZE - The subject of class size always becomes a topic of conversation when enrollments are increasing and building projects are being considered. The School Board has long held that reasonable class sizes were in the best educational interest of both students and faculty. In fact, they try very hard to maintain the goal of a maximum of 15 in readiness, 20 for grades 1 and 2, and 25 for grades 3 through 8. When a particular class exceeds the desired level by several students and depending on the circumstances, the Board may either add another teacher or provide teacher assistant help. The State Department of Education recommends that a classroom be built on the basis of 30 square feet per student. A standard New Hampshire classroom is 900 square feet. Based on the square foot to determine building capacity, the state sets maximum recommended classroom capacity for grades 1 and 2 at 25, and grades 3-8 at 30. When a school is built, the capacity (building capacity based on square feet) is usually 30 students x number of classrooms. However, the School Board's desired classroom capacity is 25 students (grades 3-8) per room x the number of rooms which will allow flexibility between classes to reassign students, provide room for new move-ins and be able to vary class size by ability group. Lower ability groups can have a smaller class size to accommodate individual problems.

COST PER PUPIL - The State Department of Education publishes a per pupil cost for each district based on the district's budget and enrollment. The cost is equalized by subtracting tuition, transportation and debt for construction. Districts are able to compare the cost per pupil to one another using this information. The Hampstead's per pupil costs compares very favorably to the state average. In fact, the cost figures for 1989-90 shows the state average for elementary schools to be $3956 per student. Hampstead Central School per pupil cost was $3996. The state average middle school costs for 1989-90 was $4560, and the Hampstead Middle School cost was $3996. As you can see, the district's cost per pupil is very respectable. Additionally, Hampstead School District's ability to pay is ranked in the top third in the state, while its cost per pupil is average or below.

CONCLUSION - When we assess the overall health of the Hampstead School District, the citizens should be very proud of their school system. Hampstead is a very desirable community to live in and the schools are a major contributing factor that attract families to Hampstead. The children do well academically as compared to the state and national test results. Our Pinkerton Academy students consistently perform better than their counterparts on standardized tests at Pinkerton. Our students are happy and secure in school and are developing as well balanced, independent learners.

Your continued support is greatly appreciated and essential in the future! Thank you.

Richard F. Fugere
Assistant Superintendent of Schools

HAMPSTEAD CENTRAL SCHOOL

REPORT OF THE PRINCIPAL

Since last School District Meeting, the Hampstead Central School faculty and staff have focused on strengthening our school program. Our school is organized around curriculum committees that keep aware of research, trends, and techniques appropriate for educating children for the twenty-first century. We've made some significant strides and our test scores continue to be high when compared to state and national results.

There are many fascinating things to watch in an elementary school but perhaps the most dramatic is witnessing the children learning to read and write. This year we've instituted "whole language" throughout the entire school. Our approach integrates reading, writing, phonics, spelling, speaking and listening. We built units of study around pieces of literature. Children are exposed to the very best literature and are encouraged to do lots of writing. Children use the Writing Process and learn about drafts, editing, polishing and producing final drafts. Our testing indicates that the majority of children operate well above grade level in the language arts. This is our strongest program.

Our mathematics program is being strengthened based on the research presented in a national study entitled "Curriculum and Evaluation Standards for School Mathematics." This study suggests that while computation skills are satisfactory for American students, understanding concepts in mathematics is a weakness. Our goal is to assist children as they learn concrete notions in mathematics and problem solving and real life experiences. The children are using higher level thinking skills to solve the challenging problems we're presenting.

Social Studies has received unexpected attention as world events escalate. Our attention to history, mapping, geography, and good citizenship has taken on special meaning. This is our newest committee and their leadership has been important as we explore the world around us.

Developments in science are being directed by research presented in "Science For All Americans." As science has not had much emphasis in past years, we have a serious lack of materials and equipment. This year several teachers have piloted new materials that encourage a process oriented approach which emphasize using the scientific method. Unfortunately, budget constraints are likely to slow the development of our science program.

The Unified Arts program has always been a source of pride in Hampstead. Our elementary students have many opportunities to enjoy the arts both as performers and critics. We use an integrated approach so that what is learned in the regular classroom is enhanced in music, art and physical education. This is an exciting way to learn because all the senses become involved in the process. It's easy to learn a concept when you sing, dance, and create.

Our computer program has been noted by Pinkerton Academy as one of the best. All the children are computer literate, and our software reinforces our regular curriculum. Children begin word processing early and even our very youngest can do things on the computer that their parents are unable to do!

Finally, we continue to build character and citizenship in "teachable" moments. We encourage children to think through a problem, chose a good solution and make it work! We value respect and kindness and children are recognized for their efforts to help one another in a collaborative manner. Come and visit! You'll see why we love Hampstead Central School.

Kathleen Sciarappa
Principal

HAMPSTEAD MIDDLE SCHOOL

REPORT OF THE PRINCIPAL

There are many events and programs to report relative to the Middle School. I have decided to comment upon four programs that address the needs of our students as it relates to their academic, emotional, social, and attitudinal growth.

One of our goals this year was to recognize and encourage academic growth. To that end, we applied for and were granted a charter to establish a National Honor Society. The national criteria has established rather ambitious expectations, but I am happy to report that forty-one of our seventh and eights grade students have been able to meet or succeed academic requirements. Students will also be reviewed as it relates to their leadership, citizenship, service to the community, and personal character. We plan to have our first Induction Ceremony in late February or early March of 1991.

This year the focus of our computer program has been to educate our children. The entire teaching staff is computer literate and is involved in teaching students at all grade levels. A computer lab has been set up in the cafeteria and we have thirty-two computers available for instructional purposes. We have been able to meet the needs of the incoming fifth graders who already had a fine program last year at the Central School. We expect to be able to "test out" eight graders by the 1992 school year so as to make it possible for our students to meet their high school requirements before they graduate.

Although we have enjoyed a great deal of success in past years in the area of Language Arts using a basal text in reading and separate books for spelling, grammar, and writing, the current research indicates that children achieve more using a "whole language" approach. Simply put, all learning experiences in reading, writing, spelling, and grammar are taught as one subject. It is incorporated into our Reading Program (Open Court). The whole language program that we instituted this year in grade five is meeting all of our expectations. We will be incorporating the program into other grades in succeeding years.

The majority of our students are at the concrete stage of mental reasoning. The Unified Arts program (art, music, physical education, home economics, and industrial arts) continues to be an extension of the academic program as it provides students with the opportunity to practice and augment the math, reading, and other academic skills that are taught in other disciplines. In addition, the emotional and social needs of our students are addressed through the visual and performing arts. The Unified Arts Team has arranged music concerts, art, home economics, and industrial arts exhibits. The annual Lip Sync Show, Square Dancing Unit, and International Cultures/Olympics Program has provided many opportunities for our students to perform and receive the recognition that is so helpful towards developing a positive self image.

Robert P. Little
Principal

PINKERTON ACADEMY REPORT

For 175 years Pinkerton Academy has operated as a private secondary school in Derry. Administered by a Board of Trustees, it serves as the high school for all students from Derry, Chester, Hampstead, and Windham through contractual agreement. The school, named after Major John and Elder James Pinkerton who endowed the school, began classes in 1815. After 175 years of service, it continues to serve the moral, social, and scholastic needs of the area's youth. Each student's tuition is normally paid by the town in which the student resides. The school's tuition remains significantly lower than the state average for public high schools, as it has for many years.

The school emphasizes a sound, basic, traditional education consisting of a mastery of the fundamentals, the development of skills, and the overall social, intellectual, and emotional growth of the students. Pinkerton offers a wide range of programs, from college preparatory to vocational (12 state- approved programs) and supports a wide range of extracurricular activities and athletic programs.

Pinkerton Academy encourages parental involvement throughout a student's academic career. The CROW, a newsletter for parents, is published several times throughout the year with information on events, available assistance and resources, parent workshops, exam schedules, registration material, etc.

All faculty members are state certified and many hold advanced degrees. The trustees of Pinkerton Academy are a self-perpetuating board and serve without compensation. Each sending town is represented on the board by at least two members. Hampstead's representatives are Mrs. Beth Duston and Mr. John Lydon.

Pinkerton Academy is accredited by the New England Association of Schools and Colleges and the State of New Hampshire Department of Education. The six curricula offerings are: Classical, Scientific, Business, Home Economics, Social Sciences, and Vocational. The Vocational includes programs in five distinct divisions. Students may move among the various curricula. All courses in the major disciplines, English, Math, Science, Social Studies, in addition to some courses in the Language and Business areas, are academically leveled.

Courses designated "A - College Prep" are designed to offer maximum academic preparation for four-year colleges and universities of the highest caliber. Courses designated "B" are designed to offer both scholastic preparation for colleges and other post-secondary institutions and general preparation in a wide variety of areas. Courses designated "C" are designed to develop basic skills, to stress fundamentals, and to offer general preparation in a wide variety of areas. In addition, accelerated programs in English and in Math as well as special independent study programs are offered for selected students.

Five National Merit Scholarship Semifinalists were announced last fall. Those from Hampstead are Glenn Crowley and Matthew Emerson. These students rank in the top 1/2% of all high school students taking the Preliminary Scholastic Aptitude Test (PSAT).

Eleven young men and women were selected as Commended Merit Students finishing in the top 5% of all students nationwide taking the PSAT. They include William Keating and Laurence LaFleur from Hampstead.

A dozen seniors successfully completed the very challenging and prestigious St. Paul's Advanced Studies Program during this past summer. Hampstead was represented by Glenn Crowley, Matthew Emerson, William Keating and Chad Klotzle.

School Warrant — State of New Hampshire

To the inhabitants of the School District of the Town of Hampstead, New Hampshire, qualified to vote in District affairs.

You are hereby notified to meet at the Hampstead Middle School in Hampstead, New Hampshire on Friday, the eighth day of March, 1991, at 7:00 p.m. in the evening to act on the following articles:
(Snow date Monday, March 11)

1. To see if the Hampstead School District will vote to raise and appropriate the sum of Two Million Five Hundred Eighty-Five Thousand Dollars ($2,585,000) for the construction and equipping of a 300-student addition and renovations to the existing structure at the Hampstead Middle School, in Hampstead, New Hampshire, said sum to be in addition to any federal, state, or private funds that may become available, and to authorize the issuance of not more than Two Million Five Hundred Eighty-Five Thousand Dollars ($2,585,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33), and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon. (With Recommendation of the Budget Committee)

2. To see if the Hampstead School District will vote to raise and appropriate the sum of Ninety Thousand Four Hundred Seventy-Five Dollars ($90,475) to pay the first interest payment due on the borrowing authorization under Article I abov (With Recommendation of the Budget Committee)

3. To see if the Hampstead School District will vote to raise and appropriate the sum of One Hundred Thousand Dollars ($100,000) to fund the cost of renovating the ventilation system at the Hampstead Middle School. (Pending Warrant Article 1) (Unanimously NOT Recommended by the Budget Committee

4. To see if the Hampstead School District will vote to raise and appropriate the sum of Seventeen Thousand Dollars ($17,000) to fund the replacement costs for the fire alarm system at the Hampstead Middle School. (Pending Warrant Article 1) (Unanimously Recommended by the Budget Committee

5. To see if the Hampstead School District will vote to raise and appropriate the sum of Two Hundred Fifty Thousand Two Hundred Fourteen Dollars ($250,214) to fund the additional cost items attributable to a 12% increase due employees under the negotiated agreement between the Hampstead School Board and the Hampstead Teachers Association for the last year of the three-year contract (1991-1992 school year). (With Recommendation of the Budget Committee)

<u>Cost Distribution</u>

Professional Salaries	$211,339
FICA	16,167
Retirement	8,559
Life Insurance	7,205
Coaches Salaries	496
Professional Improvement	6,448
	$250,214

6. To see if the Hampstead School District will vote to raise and appropriate the sum of Eleven Thousand One Hundred Twenty-Nine Dollars ($11,129) to fund, in 1991-1992, those additional cost items for a 6% increase for salaries and benefits and to approve the cost items for the 1992-93 fiscal year due the employees under the negotiated agreement for 1990-1993 reached between the Hampstead School Board and the Hampstead Support Personnel Association (custodians/cafeteria workers). (Unanimously NOT Recommended by the Budget Committee

Cost Distribution

1991-1992		6% Increase 1992-1993
Salaries	$ 9,847	$10,438
FICA	754	800
Retirement	501	531
Insurance	27	29
Increased Costs	$11,129	$11,798

7. To see if the Hampstead School District will vote to raise and appropriate the sum of Twenty Three Thousand Fifty-One Dollars ($23,051) to fund the additional cost of a 6% raise for non-union employees: secretaries, teacher assistants, nurses, and administration for the 1991-1992 school year.
(Unanimously NOT Recommended by the Budget Committee

Cost Distribution

Salaries	$20,405
FICA	1,558
Retirement	1,054
Insurance	34
	$23,051

8. To see what sum of money the Hampstead School District will vote to raise and appropriate in addition to money already appropriated under prior warrant articles, for the payment of salaries of School District officials and agents and for the support of schools and for the payment of the statutory obligations of the District. (With Recommendation of the Budget Committee)

9. To see if the Hampstead School District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District meeting, money from the state, federal, or other governmental unit or a private source of donations in any other form (land, equipment, etc.) which becomes available during the 1991-92 school fiscal year, provided that such expenditure be made for which a school district may appropriate money and that such expenditure not require the expenditure of other School District funds.

10. BY PETITION (Jo Hamblett, et al) To see if the School District will vote to direct the formation of a playground study group which will assess the needs and make recommendations to the 1992 Annual School District Meeting for appropriate, cost effective play areas and play equipment at Hampstead Middle and Central Schools.

11. To see if the Hampstead School District will vote to accept the reports of agents, auditors, and committees.

12. To see if the District wishes to take any other action which may legally come before the meeting.

Given under our hands at Hampstead, New Hampshire, this eighteenth day of February, 1991.

(ss) Hampstead School Board

Auditor's Report on Financial Presentation

To the Members of the School Board
Hampstead School District
Hampstead, New Hampshire

We have audited the accompanying general purpose financial statements of the Hampstead School District and the combining and individual fund financial statements of the School District as of and for the year ended June 30, 1990, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion of these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Hampstead School District at June 30, 1990, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 30, 1990, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.
